

# Nebosh Construction

nebosh  
Accredited Centre  
744

The NEBOSH National Construction Certificate is aimed at Supervisors, Managers and those with a role under the Construction Design and Management regulations 2015 within the construction industry who are required to ensure that activities under their control are undertaken safely. It is likely to prove useful for those concerned with the management of buildings who may need to ensure that contractors are working safely. The qualification is also appropriate for supervisors and managers working in other industries such as utilities, and even broadcasting, where temporary workplaces are a feature of their activities.
